David,

You will need to track down Dave Hensley in my office. I am in DC in the middle of an all-day meeting. Wilfredo or Pat Reitz may also be able to help you.

1. CORP will be sending a chemical release questionnaire to see if the followed reporting rules.

3. Past inspections by EPA or State were in the RCRA and Air programs. Mary Goetz or Mark Smith will have to get you any information that you want on that.

Subject: Atchison - need statement

Have half a dozen media inquiries regarding MPG Ingredients and any EPA investigation. Need to put together a statement for them along the lines of "we don't talk about ongoing investigations." Do we need to say anything about what our jurisdiction would be? Keeping this to a short list at the moment to get the ball rolling on a statement. Would like to answer media this morning.
